

## Employee Profile: **Jennifer Perry**

**Role:**

HR manager

**Location:**

Houston, Texas

**Length of time with Planetpro:**

10 years

**In college, I studied:**

Psychology and behavioral science at San Jose State University

**Interesting fact about me:**

I was a competitive volleyball player in high school and college. The weekend before my wedding, I decided to play, broke my leg and subsequently had to 'roll' down the aisle in a wheelchair on my wedding day.

**In my spare time, I like to:**

I have six children ranging in age from 7 months to 20 years so I don't remember what "spare time" is! When I don't have a child who needs food, help with homework, or a ride to a sporting event, I enjoy a good workout - although that may be redundant! In my past life, I enjoyed writing poetry and fiction.

**What I enjoy most about my job at Planetpro is:**

That I can make a difference in someone's life, even if it's small. I love helping an employee find what he or she needs to make work-life easier or more fulfilling. I also enjoy the training aspects of my job. When I have a chance to teach employees about a new benefit package, policy, or procedure, it makes me feel good that I've been able to share something that could make their life easier.

**The difference between Planetpro and other firms I've worked for is:**

The people! They are the main reason I've stayed with Planetpro as long as I have! I truly feel like Planetpro is part of my family. I know without a doubt that if I ever need anything, Planetpro is there for me. I have had the experience, and I know this to be true. You just don't find that kind of support, compassion, and genuine caring in companies anymore!

**My career aspiration is:**

I would like to become a teacher... go back to school and get my teaching credential and help children find their passion so they can work in a field that brings them joy!

**I dream of someday:**

Taking long vacations with my husband. I love to travel and try new foods. As soon as my youngest is able to stay home away from me, I will resume my quest to fill my passport with exotic stamps.
